2021 PRESIDENT'S REPORT

Welcome to the 2021 Nutrien Livestock SA Junior Heifer Expo.

Who would have thought that last year we would be forced to have a break from holding the SA Junior Heifer Expo due to a worldwide Pandemic. Yet believe it or not after a 12 month hiatus we are back. Even though as I write this much of the nation's capitals are in lockdown, border restrictions are in place, and we are all sitting on the edges of our seats awaiting the outcome of yet another breach of quarantine.

If I am standing before you reading this report in front of our AGM, we have done it, we made it through all the restrictions and rules and we made it happen! At this point I would like to point out the amazing job that this year's committee has done to bring this event together. Each member vowed that after the disappointment of having to cancel the last event, this one would go ahead. It may not be in the same shape or form as previous events, with many changes to suit restrictions and laws, but the same passion for the youth of the Australian Beef Industry has never been more evident than what has been shown by this group. There have been countless hours of meetings, plans, more plans, and then replanning, to get this event to happen. Once again, I thank the committee, I have never been more proud to be part of such a great group.

I must also say thank you to all our wonderful sponsors. Many of you have appreciated what this event means to the youth in our industry and have stuck with us through these difficult times. This dedication must be applauded. To our new sponsors welcome aboard and thank you for your support. I urge everyone to take the time to familiarise themselves with all who have sponsored our event and show your thanks by supporting them whenever possible.

To this year's competitors I have one request. Enjoy the event! The SA Junior Heifer Expo offers you so many aspects. Challenge yourself and make the most of what we have to offer. Make some new friends, learn a new skill, gain some knowledge, create lifelong contacts in one of the great industries. It all lies before you make the most of it!

On a much more sombre note, it is time to say goodbye to one the most passionate and long-term servants of the SA Junior Heifer Expo, Justine Fogden. After 14 years on the committee and an astounding 5 years as Assistant Co-ordinator, followed by 9 years as Co-ordinator, Justine has decided it is time for her to concentrate on her next challenge. Justine's commitment and enthusiasm for the Beef Industry and the youth that make the future of our industry so exciting is second to none. The time that she has poured into our event alone is nothing short of remarkable, and much of the success of the event can be attributed to her hard work. I thank you Justine for what you have done for not only all of our children, but also for the friendship and support you have shown me over the years.

To other retiring members of our committee, I also extend my gratitude for the hard work and commitment that you have shown to the event. We have achieved so much with you and could not have got here without your input.

Good luck to the competitors, be covid safe, and I wish you well in the future.

Yours Sincerely

Mark Llewellyn
SA Junior Heifer Expo President

South Australia's cattle industries strive to be sustainable and profitable. To support this goal, South Australia's beef and dairy industries, through the Cattle Industry Fund Board, have identified the following priority outcome areas that are the basis of CIF investment:

1. **Maintaining market access and securing new markets**
2. **Efficient and sustainable production**
3. **Business management and skills development**
4. **Advocacy**

Cattle owners who purchase Permanent Identification Devices (tags) contribute pay \$1.50 per tag into the Cattle Industry Fund. Authorised tag manufacturers and recyclers collect the contributions and forward them to the Cattle Industry Fund on behalf of the cattle owner.

Total levy contributions to the fund are approximately \$800,000 annually.

Livestock SA is responsible for the administrative functions of the fund and the Minister for Primary Industries and Regional Development is the signatory.

The Cattle Industry Fund Board advises the Minister on the use of the Fund.
